For one more issue of this bulletin let's congratulate the winners of the inaugural novice pairs

1. Mary Egerton-Warburton and Beth MacKinnon
2. Eve Clarkson and Brenda Campbell
3. Jeff Veling and Denise Baker

This was a popular event, as attested by an entry of 24 pairs. The calendar for 2022 is in the course of preparation and we will have to see if a repeat of this event can be fitted in.

With the recent group of graduates joining the supervised session, Tuesday mornings have become very busy. Last Tuesday there were 17 tables. This meant the helpers were kept very busy running around to offer advice. We were a little short of helpers on the day as a couple of the regulars could not get along. We are grateful for the assistance of those who come along regularly to give the players the benefit of their experience. It is interesting to see that sometimes the advice causes a great deal of astonishment.

The ABF masterpoints site is still down. As a result, it has not been possible to upload the masterpoints for September and recent competitions. The "upgrade" to the web host has not resulted in an astonishing amount of success. In the meantime we will have to let all those masterpoints we have amassed sitting somewhere in a state of limbo.

Don't forget you can forward any news to the webmaster to keep everyone in touch.

Did you hear ?

About the man who wanted to learn bridge in one day? He ordered 35 copies of *Five Weeks to Winning Bridge*.

About the lady who always went down in a contract of 3NT? When asked about it she said she was just following the advice of her teacher, "Eight ever, nine never".

About the Elvis Presley coup? It's when an opponent leads from the A Q to your K x. The king is no longer dead.
